REVV REWARDS PROGRAM

6 Ways to Earn Rewards

We Are Different

The Revv Reward Program allows you to Register for FREE and No Purchase is required to start earning cash-back rewards! Our program works on a "real time" basis. When a customer of yours makes a purchase you earn 10% cash-back and those funds are deposited into your eWallet instantly. These are cash rewards and you can spend them just like cash for our products or simply ask us to send you a check!

Where it gets really exciting is, if and when your customers refer their own customers to get 10% cash-back, YOU earn up to 30% cash-back on their customers purchases. Remember you can earn on your customers AND their customers even if you don't have a monthly purchase yourself!

Sharing Revv

Sharing Revv products directly with new customers is an important part of earning rewards. We make that easy for you. When you Register your account initially, with or without a purchase, you will immediately receive, by email, your very own, personalized to you website.

This site is FREE to you whether you share it or not! With it comes a FREE password protected online business portal to track your customer sales and spend your rewards!

Products

Revv products are competitively priced with like products in retail stores. When you take into account the phenomenal nutritional benefits, Revv products provide a tremendous value over other products on the market.

1

Quick Start Rewards

This is a really unique reward, there for the taking, to receive \$50 or \$100 dollars Cash Back as fast as you want it. It is our way of "paying it forward" to people that get off to a quick start by immediately getting multiple customers.

This is how it works;

If in your first 30 days starting from the day you join you;

Personally refer 4 new customers with orders; as soon as that happens, we will deposit a \$50 cash reward into your eWallet.

Go out and refer 4 customers your first day and immediately earn \$50 cash back. For every 4 new customers you earn an additional \$50!

The only time limit for this cash back bonus is it expires 30 days from your start date. Oh and don't forget you also earn 5% to 10% cash back on the value of all your new customers purchases! Go ahead and pick up an extra \$100 bucks this month plus 10% cash back on all your new customers orders!

2

Team Referral Rewards

When your customers refer their own customers so they can earn 10% cash back, you will earn up to 30% cash back on their customers purchases, each and every time they order.

In the above example - this is what your team of customers might look like over a short period of time. In this example you have advanced to the title of 4 Star Team Member by having referred 4 personal customers. This entitles you to earn 10% cash-back on their purchases. You would also earn 20% cash-back on their customers purchases! As you get promoted to higher and higher titles you will open up cash-back rewards on more generations of customers!

3

Matching Rewards

The single most important thing to growing a very large team of customers, starts right with your personal customers. The more closely you stay connected to your customer, their customers, and then their customers, makes a HUGE difference in how your team grows.

These rewards are there to reward you for working with them. What better way to reward you then to pay you "matching" rewards on the rewards they earn.

In the above example let's assume you are qualified to earn 3 generations of matching rewards. You will earn 10% of the reward points that all of your personal customers earn, their customers earn, and then what their customers earn.

4 Achievement Rewards

Achievement Rewards are one-time cash “bonuses” you receive as a congratulation for reaching new title milestones;

These rewards begin when you reach 4 Star Team Member. To be a 4 Star you will simply need to achieve the task of personally enrolling 4 friends or customers. When you do this we will put a one-time cash reward of \$25 in your eWallet.

Then, as you advance to new and higher titles your one-time cash Achievement Rewards will also grow as follows;

\$50 - Team Leader	\$500 - Vice Pres.
\$75 - Manager	\$1,000 - Sr. V.P.
\$100 - Sr. Manager	\$2,500 - Executive V.P.
\$125 - Executive	\$5,000 - President
\$250 - Sr. Executive	\$10,000 - CEO

5 9th Generation to Infinity Pay*

Realizing that there will be people that desire to build enormous teams to reach “quit their job and retire” income levels, we created infinity pay. As reviewed earlier in this document your cash back can extend out up to 8 generations of customers. Infinity pay is designed to open up your earning potential from your 9th generation to infinity!

It starts at the Vice President title by allowing you to earn \$.50 cash back on all units of product in your 9th generation to infinity.*

As you advance past Vice President your cash back increases exponentially!

Vice Pres. = 2% = \$.50 per unit!

Exec. VP = 2% + 2% = \$1.00 per unit!

CEO = 2% + 2% + 2% = \$1.50 per unit!

** NOTE; These are shared bonuses.*

Example; You have earned the title of CEO.

Starting with your 9th Generation and moving down you will earn \$1.50 per box down to the next Vice President, Executive Vice President, or CEO Team Member!

6 Monthly Contest

Who doesn't like contests!

At Revv, each calendar month we will be giving away Kindle Fires and Fitbit Activity wristbands!

This contest is easy to enter and anyone can win.

Here is how it works;

Each calendar month we create a pool of Team Members that personally referred new customers that made a purchase*. Each new customer/purchase will count as one entry into the pool. (*free samples not included)

Unlike lotteries, where your chances of winning are astronomical, we will be giving away 1 Kindle Fire or FitBit Flex for every 100 entries each month. This means if you personally refer 1 new customer your odds of winning your choice of a Kindle Fire or Fitbit absolutely FREE, are 1 in 100.

If a Kindle Fire or Fitbit Flex isn't your cup of tea we will give you \$100 in FREE Revv Products!

It just doesn't get any better than this!
